The Czar of Russia.

An American gentleman who has recently returned from the east, having witnessed a review of 160,000 Russian troops by Nicholas himself, describes the personal appearance of the Emperor, and gives instances of his strict military discipline. He says:

"The Czar is a perfect specimen of the physical man. In height six feet three, and admirably proportioned, with snow white hair and ruddy countenance. He was plainly dressed in a dark green frock, with a black chapeau without feathers, and, mounted on a coal black charger of immense size, the Czar looked 'every inch a King.'

As the troops were passing before him, he suddenly raised his hand as a signal for a halt, when he dismounted, walked up to a private in the ranks, and asked him to unbutton his coat. On finding that the soldier was without a shirt, the Emperor promptly ordered the officers of the company to Siberia, and the officers of the regiment were instantly degraded to the ranks as privates.

Some two hours afterwards Nicholas made another inspection of the condition of the soldiers, and finding all right, promoted every officer in the division, conferring the orders with his own hands. It is this kind of discipline that makes the Russian army the most efficient in the world, and the head of it the idol of the common soldier.

A tragic story has recently been published, of the massacre of an entire regiment of soldiers, by the Emperor's orders, on a field day, on account of their alleged complicity in a conspiracy. The signal for mowing down the ranks was given by the Emperor, who suddenly rode up to the commanding officer and blew out his brains with a pistol. It is evidently the intention of the present ruler of the Russian Empire to inspire dread among his subjects, rather than allow the menace of assassination, which has destroyed his predecessors, to subdue his spirit and qualify the rigor of discipline which maintains his power over the vast dominions that acknowledge his authority.

The highest encomiums have been passed upon the character of this sovereign, by those who have had access to his court, and he is said to be one of the most enlightened monarchs now living. There can be no doubt, however, that his mind is absorbed with ideas and designs of conquest, and the accomplishment of the wishes which one of his greatest ancestors left as a legacy for those who should occupy the throne. The world never sympathizes with those who seek to take away the possessions of their neighbors, who are guilty of a greater wrong than endeavoring to keep what others covet. So Nicholas fails of the assent of other powers of Europe to his scheme of taking the capital of the Ottoman, and thus adding a corner stone to his already colossal fabric of Empire. In this ardent wish he will be foiled, we fancy, as Alexander was, when he attempted the same thing by alliance with Napoleon.

For President in 1856,
JOHN P. HALE, of New York.
FOR VICE-PRESIDENT,
GEORGE W. JULIAN, of Indiana.

Religion and Politics.

The *News* and the *Wisconsin* are discussing the question of the Catholic religion in connection with politics and the late election. The *Wisconsin* is sorry it did not vote against Mr. McGarry, on the ground that he is in favor of a sectarian division of the School Fund. And the *News* charges that the *Wisconsin* opposed McGarry because he is a Catholic.

Now it strikes us that the question whether a candidate is Protestant or Catholic should not even be mooted in our elections. If a man is qualified by capacity and integrity for the office to which he is nominated, he ought not to be put under the ban on account of his religious associations. His religion is, or should be a matter of conscience, with which his neighbors have no right to interfere. And to proscribe a man on account of his religious opinions, is a violation of the whole spirit of our constitution and laws, as well as of the first principles of republicanism. We hope never to see the day in Wisconsin, when a man's religious affinities will be made a test of his fitness for office. Politicians usually have not a superabundance of religion—not enough to be worth fighting about. Though it may be true in this case, as in other matters, that the smaller the point of difference, the more violent the contention about it.

MARQUETTE CO.—In the West District of this county Samuel McCracken, (M. L. whig) is elected to the Assembly, over G. B. Worth, dem., by 83 majority, and the East District, including Waushara county, Archibald Nichols, (M. L. whig) is elected over S. Mather, dem., and J. H. Wells, (M. L.) by 19 majority. A correspondent, communicating the above to the Sentinel, adds:

"The People's ticket, as well as Liquor Law, also has a handsome majority. The reason is, we are a Temperate people and have seen the Elephant *alias* Barstow."

This is one of the counties along the line of the Fox River Improvement, where Barstow boasted that Whigs and Free Soilers as well as Democrats were going *in* for him, on the ground that he would especially favor that interest. He has, we understand, a thousand acres of land in the county, is interested, directly or indirectly, in the Fox River Improvement, and yet is in the minority some 200 or 300 votes. Verily, they must be acquainted with the *elephant*.

Death of Senator Atherton.

Hon. Chas. G. Atherton, United States Senator from New Hampshire, died at Manchester, in that State, on the 15th inst. He was the son of the Hon. Chas. H. Atherton, a Federal colleague of Daniel Webster in the House of 1814–'16, and a lawyer of eminent ability and worth, residing at Amherst, N. H., where Charles G. was born, though he has resided for the last twenty years at Nashua.

The younger Atherton has been a member of the New Hampshire Legislature and of Congress—having served in the House from 1837 to 1843, and in the Senate from 1843 to 1849, prior to his re-election last year.—He was a lawyer of considerable distinction and more than average abilities.

He will long be remembered as the author of the infamous "Atherton Gag Act," which brought down upon his head the ire of the venerable John Q. Adams.

AS WE EXPECTED.—The *News* admits that there is a majority in favor of a Prohibitory Liquor Law, but thinks it not enough to induce the Legislature to pass it. It don't believe in having Temperance majorities govern. It wants the Law, should it be passed, submitted again to the people. Tho' fairly beaten, it wants to try the question over again. Anything but the Law.

☞ The Inspectors of Election for the First District of the Twentieth Ward of New York, were examined in that city last Thursday on charge of practicing fraud in canvassing the ballots, and were held to bail in the sum of $2,000 each, to appear and answer.

ABSCONDED.—A female slave of Secretary Guthrie, while in Cincinnati, on the way to Washington, in charge of a clerk of the Secretary, last week, absconded, and has not since been heard of.

Good! The Union will have to be saved again.

ROBBERY.—A man named Blakesley, from Ohio, was robbed of $280 in gold, at Chicago, on Thursday night last. On the same night, in that city, Capt. John O'Connor, formerly of the brig Giddings, was robbed of $200 in bills. The robbers, in both cases, escaped.

☞ The Whigs of New Hampshire met at Concord on the 15th inst., and nominated Hon. James Bell, of Guilford, for Governor, and Wm. Whittle, Esq., of Manchester, for Railroad Commissioner, the only two offices which are voted for throughout the State.

☞ Henry DeWolf, recently appointed U. S. Consul at Dundee, died on the 15th inst., at the residence of his son-in-law, in New York City.

Before and After Election.

"We can inform Mr. Thomas of what he already knows himself, if he would tell the truth, that the people of Milwaukee know Mr. Holton to be, *in integrity and capacity*—in short, in *all* that constitutes the *man*—a head and shoulders taller than the Rum candidate."

We cut the above from the Milwaukee Free Democrat, published about two weeks before election. We do so for the purpose of comparing it with the vote for Governor in that city, which was as follows:

	First Ward	Second	Third	Fourth	Fifth	Total
Barstow dem.	819	1078	492	389	327	3005
Holton coal.	396	116	112	212	118	955

Comment is unnecessary.—*Fond du Lac Union.*

To the above we append the following:

MILWAUKEE CITY VOTE:
Prohibitory Liquor Law—No....................3,002
Barstow, (Rum candidate,)....................3,005
Prohibitory Liquor Law—Yes....................897
Holton, (Maine Law candidate,)..................955

It will be perceived that Barstow's vote and that against the Liquor Law, is almost identical, while Holton gets 58 votes more than the Prohibitory Liquor Law, Yes.

"Comment is unnecessary."

READINGS FOR A MONTH, PREPARATORY TO CONFIRMATION.—Compiled from the works of writers of the Early, and of the English church, by the author of Amy Herbert, Gertrude, &c.

This book should be carefully read by every youthful person desirous of confirmation, and those recently confirmed will derive benefit from its perusal. Every Christian mother would do well to place it in the hands of her children.

CINCINNATI.—Cincinnati must be a hard hole if we are to judge of it by the way law is administered there. It appears to be the pandemonium of Ohio, where villainy, assassination and kidnapping runs riot at midday, with impunity. Within the past three or four months crimes of the most revolting and barbarous nature have been committed in open day, the perpetrators arrested, and, after going through a farcical trial, *honorably* acquitted.

But a few weeks ago Dr. F. W. Ames shot J. C. Hall in the open street, almost without provocation. Hall lingered a long time between life and death, but finally recovered; still the crime may be considered little, if anything, short of cold-blooded murder in design; yet the villain has been tried and, thro' the influence of wealth and the assistance of the notorious Judge Flynn, who richly merits a birth in the penitentiary, he has been acquitted.

This is but one of the many cases in which the Penitentiary has been defrauded of its dues. The Martha Washington case is another instance of the shameful laxity of the administration of Justice in that city.

Cincinnati is an inviting field for robbers and assassins to operate in.

BELOIT COLLEGE MONTHLY.—Such is the name of a very neatly printed and interesting periodical, published by an association of students at Beloit, and edited by Messrs. J. A. Brewster, Alex. Kerr and H. L. Marsh—three students selected by the Association for that purpose. Its terms are: 50 cents per single copy, per annum—seven copies $3,00 per annum, invariably in advance. It will be well worth the money, if the present issue proves to be but an average number, and we recommend it to the patronage of the public.

Brantford Railroad.—The Buffalo Republic, of the 17th inst., learns that arrangements have been made for the early completion of this road, from Buffalo to Brantford—that the iron for this road as well as for the Grand Extension Road has been purchased, and is to be delivered by July next.

The great Western Road will also be completed by Jan. next.

PATRICK SNEED.—A Southerner, writing to Judge Sheldon of Buffalo concerning the arrest of Patrick Sneed at that place, by Mr. Dillon, on a charge of murder, says that the accusation was merely a *ruse* on the part of Dillon to kidnap Sneed into Slavery, and that no one where Sneed formerly lived suspected him of the crime.

☞ Mr. Justice Meredith, in the Superior Court at Quebec, decided that the operator of a telegraph company can not be compelled to divulge in a court of justice, the contents of a telegraphic dispatch sent or received by him.

NOT DEAD.—We beg pardon of the Detroit Times for announcing its demise prematurely. We gained our information from other Detroit papers, and will promise not to chronicle its death again until it has really done kicking.

TEMPERANCE MOVEMENT.—At a Temperance Convention at Providence, R. I., on the 14th inst., it was resolved to make a nomination for Governor and other State officers.

KOSZTA COMING.—Advices have been received at Washington, rendering it certain that Koszta embarked at Smyrna on the 17th ult. for the U. States. So says the Washington Star.

☞ It is said that a union is contemplated in New York between the National Democrats and the National Whigs. It will be a very eligible match, as they possess many sympathies and sentiments in common.

☞ It is supposed that Harry Hibbard or Mr. Wells will be appointed to fill the vacancy in the United States Senate occasioned by the death of Mr. Atherton of N. Hampshire.

KILLED.—The Galena train, while coming into Chicago on Friday afternoon last, ran over a horse and wagon at the Depot, killing the horse instantly.

☞ John Byrne is a candidate for Senator in Columbia county, in place of J. T. Lewis, resigned. The day for election has not yet been appointed.

BADGER STATE BANK.—Bills on this Bank have made their appearance within a few days, Wm. S. Bell, President, E. I. Dimock, Cashier. It is located at Janesville.

☞ The lowest estimate of the loss occasioned by the late fire at Kingston, Canada, is $150,000.

SALT.—Salt was said to be very scarce at the Bahama Islands, on the 30th ult., and none was to be had at Curacoa.

☞ Fine new buildings are being erected at Green Bay, in place of those recently destroyed by fire.

☞ The sailors at Chicago have struck for three dollars per day the rest of the season.

From Cuba—the Slave Trade.

We have intelligence from Havana up to the 2d inst., which states that the British Consul-general had officially advised General Canedo of the landing of two more cargoes of slaves, numbering five hundred on the south side of the island. It is also stated that a fleet of about ten vessels is waiting on the coast of Brazil for a favorable opportunity to cross over to the African coast for cargoes, and these shipments are intended for the island of Cuba. Thus it will bee seen are treaty stipulations continually evaded.—The slave schooner Maria, not long since fitted out in Cuba, is reported to have been captured by a British cruiser, off Kilongo, on the African coast. Orders had been received from Madrid to suspend operations on all the public works, the home government being sadly in want of funds. Notwithstanding, the Captain-General had directed that the telegraph from Havana to Batamano be immediately completed, in order that his administration—now drawing to close—may derive all the credit of the undertaking.

Another Dreadful Shipwreck.—Two hundred Lives Lost.—Letters by the overland mail give the news of the lamentable wreck of a British Ship, supposed to be the Lady Evelyn, and a fearful sacrifice of life. She was a fine vessel, recently built, 748 tons burthen, commanded by Capt. M'Lellan, and was the property of Messrs. Herrings of Liverpool. On her last voyage from England she was bound to Port Phillips, and on her arrival there she was taken up by the run to Calcutta and China. She was then chartered for the conveyance of 250 Chinese Emigrants to San Francisco, and departed in apparent safety with her living freight.—The catastrophe is reported to have occurred on the night of the 20th of July on one of the cluster of Islands known as Typingson in the Eastern or China Sea, situate some 14 miles west of Loo Choo. She quickly went to pieces, and we regret to add that out of 290 souls who were on board including the crew only six European sailors and 20 Chinese were saved.

FORT BROWN, Texas, Oct. 19.—Gen. Robles, the former Minister of War, has just escaped to our side, having ran away from his guards, who were taking him to Monclova to be shot. Senor Rosas, late Minister to the United States, and Gen. Robles were both ordered to that town under a strong escort, the officer in command having sealed orders, which were not to be opened until arrival. Robles suspected something or had some information of what was in store for him, and he therefore took the first opportunity to break and run. Rosas, not so fortunate, has been shot, so it is currently reported in Matamoros.

There is no news here of any importance. From Mexico we get nothing, except there is a growing discontent toward their wooden legged President. He is certain to be shot within six months.—*Washington Star.*

ANOTHER INJUNCTION.—Yesterday, the Hydraulic Company applied for an Injunction against the Illinois Central Railroad Company, restricting the latter from prosecuting their work in front of property owned by the Hydraulic Company. A hearing of the case was had last evening before Judge J. M. Wilson. The Court decided that it should grant an injunction to the effect that further work on the bridge should be suspended, until the water pipes are repaired, and ample care taken to secure against an interruption of a supply of water hereafter.—*Chicago Tribune, 19th inst.*

☞ A good deal of trouble and excitement exists at Ellsworth, Me., on account of the refusal of the town authorities to divide the school money, at the instance of the Irish Catholics, so that the latter may establish a school of their own, from which the Bible will be excluded. Two Catholic boys broke into one of the school houses by night and destroyed all the Bibles found there, for which misdemeanor they were arrested, and one of them sent to jail.

New Counterfeit.—We were shown a new and dangerous counterfeit this morning on the State Bank of Indiana, of the denomination of $10. The bill is dated March the 5th, 1853, payable at Lafayette, letter A. The engraving is remarkably well done. The paper is poor, and light.—*Chicago Tribune, 19th inst.*

MORTALITY AT SEA.—The packet ship American Union, from Liverpool, which port she left on the 6th of October, arrived yesterday morning. She brought out of port 629 passengers, *seventy-five* of whom, with five of the crew, died on the passage, of cholera.—*N. Y. Tribune, 15th inst.*

☞ A gentleman who arrived from England in the last steamer, says that a house at Birmingham, Eng., lately received from a pen maker at New York, an order for fifty working girls. The order was executed in less than one week, and passages were secured for the whole party at £8 per girl.

The speaker who "enchained his audience," was thrown from the platform by the "force of circumstances!"

☞ Col. Schouler, late of the Boston Atlas, it appears, has purchased an interest in the Cincinnati *Gazette*, and is to be its chief editor; so it seems the report that he was to take the editorial charge of the Detroit Advertiser is untrue.

☞ The Lafayette County jail is without a tenant. Can any other County in the State say as much?

☞ The sugar crop on the Red River, Arkansas, is said to be abundant.

FIRE.—Four or five stores were destroyed by fire at Alton, Ill., on Monday night last.

First class paper is in better demand, with a less liberal supply pressing on the market. The quotation is 12 per cent., but some desirable signatures are passed at 9a10 per cent., and we hear that some of the Banks have been taking choice paper from the Street. On all the market is easy at 7 per cent.—*N. Y. Tribune, 16th inst.*

Marine Disaster.

The Propeller *Edith*, which arrived here from Buffalo Saturday morning, reports the new and fine schooner *Sovereign of the Seas* ashore on Skilligalee reef, near the Beaver Islands, on this Lake, with 7 feet of water in her hold, and no prospect of getting off. The *Sovereign of the Seas* was owned by TIFFT & BULL, of Racine, and insured for $3000 in the National Protection Co., Saratoga Co., N. Y., and $3000 in the Chicago Mutual. She had on board 75 tons groceries for J. FURLONG, of this city, 100 tons pig iron and 60 do coal, for HEAD, CAMPBELL & HEAD, Kenosha; 5 pkgs mdze. for A. D. SEAMAN, of this city, and a few packages for FARWELL & BROS., Janesville. The iron and coal were insured in the Sun Mutual, N. Y., and Mr. FURLONG's goods in the Merchant's Mutual of this city. The Captain writes that he will be able to save part of the cargo. One of the owners was in this city Saturday, looking after a vessel to go to the relief of *The Sovereign of the Seas*. The reef on which she lies has proved the grave of many a fine craft.—*Sentinel.*

The brig *Oleander* takes on 11,000 bushels of mixed wheat at BELL, COURTENAY & CO.'s Warehouse, for Dr. WEEKS, for which Mr. W. paid $1 per bushel free on board. The brig carries it to Buffalo for 13c per bushel.

The brig *Caroline* is loading with wheat and barley at NEWHALL's warehouse, for Buffalo. She takes 8,000 bus. wheat at 12½c., and 5000 bus barley at 11c.

MILWAUKEE COMMERCIAL RECORD.

Weekly Commercial Review.

OFFICE OF THE DAILY FREE DEMOCRAT,
Milwaukee, November 21, 1853.

Nothing particularly new or important has transpired in the market department during the past week, and there has been but little animation manifested. The price of wheat has fluctuated considerably, the best quality of winter some days bringing as high $1,05, and on others not more than 95a97. The stringency of the money market checks transactions seriously, and keeps the price of produce somewhat lower than it otherwise would be.—There is a fair prospect, however, that the money market will be easier in a few days, as the Wall St. Bank panic is supposed to be over. *Thompson's Reporter* of the 12th inst., says:

"Wall Street is out of the woods. The tide has turned and we are bound up. Exchange on Europe has fallen below a specie point—gold is on the increase in our Banks deposits ditto—accomodations are easily obtained—shining on the decline—Stocks are rising—no panic among the Banks—all's safe. There may be a few more failures among railroad sufferers, but the country is safe—the Banks, with a few exceptions, are safe. The merchants, all who have kept out of railroad speculations, are sound, Brokers and bankers, except railroad bond and stock speculators, are safe. On the whole, these United States were never safer. Now for higher prices—Bank expansions—speculations—plenty of money and plenty of fun."

City trade has been good, and in the wholesale line operations have been extensive, and a vast amount of merchandize has gone into the interior.

The weather has been warm and the latter part of the week wet and unpleasant. On Friday and Saturday much rain fell and the roads leading into the interior are outrageously muddy.

Railroad operations continue unabated. The portion of the Lake Shore Road lying in this State is progressing favorably, but the Illinois part of it appears to be getting along under many difficulties, if it is progressing at all.—The work on the M. & W. and La C. & M. Railroads is being prosecuted vigorously. The M. & M. Road continues to do a very heavy business. It is expected that this road will be extended to Madison by the first of January 1854.

The Hog market in this city has not yet exhibited any signs of activity, and receipts are light; $4a4,50 are about the prices paid. Hogs in the St. Louis market are bringing $3,75a4,00; at Cincinnati $4,50a4,60; at Chicago $4,50a5,00.

Shipments to the east during the week have not been heavy. Freights have declined, and at the close of the week vessels were offering to take wheat to Buffalo at 12½ cents per bushel.

Receipts by Railroad for the week ending Nov. 19:—25,140 bus. Wheat, 2,050 bus. Barley, 300 bus. Rye, 250 bus. Oats, 372 bus. Potatoes, 2,652 bbls. Flour, 180 Hogs.

Beef cattle are in fair demand, and worth on foot $2,50 per hundred—dressed $4,50a6,25. The following is a statement of the quantity of beef packed at Chicago for the past three years, and the prices paid:

BENEFIT CONCERT.—Our readers will endeavor to bear in mind that a Concert is to be given at Young's Hall, to-morrow evening, for the Benefit of the Spring Street Congregational Church. A rich treat may be expected, and as the avails are to be devoted to so beneficent a purpose, we trust there will be a general *turn out.*

THE BAPTIST CHURCH.—The new Pastor, Rev. Mr. FIFE, has arrived and entered upon the duties connected with the Baptist Church in this city. His discourse yesterday afternoon—from the words, "I am determined to know nothing among you save Jesus Christ and him crucified"—was eminently appropriate to the occasion.

INCENDIARISM.—An unsuccessful attempt was made on Saturday night last to burn an unoccupied building, belonging to A. Eldred, on the N. W. corner of Van Buren and Oneida streets. The fire was discovered so soon after being set, that it was extinguished before doing much damage.

WHEAT FOR CLEVELAND.—On Saturday a Cleveland dealer purchased 12,000 bushels of mixed wheat in this city at 103 per bushel, free on board, to be shipped to Cleveland, where it will be manufactured into flour.

POLICE COURT.—John Smith, arrested and committed on Friday night, for threatening to kill his wife, was brought down from jail on Saturday afternoon, and voluntarily gave bail in the sum of $300 to keep the peace for three months.

The four persons committed to Jail on Saturday evening for assaulting Mr. Bierding, a contractor on the La Crosse Railroad, were brought down for trial this morning, but the examination was postponed until Saturday next in consequence of an important witness being sick and unable to attend.

On complaint of Chas. T. Stamm, a warrant was issued against John Lipskin, (*alias*) for stealing a quantity of wood and lumber from the Menomonee Locomotive Manufactory, valued at $15, on the 15th inst.

☞ A number of hands on the La Crosse Railroad, met at the Tavern of Mr. Victor, in the town of Milwaukee, on Saturday afternoon, to receive their pay of one of the contractors—Mr. Bierding—when $600 was offered to be distributed proportionally among them. This not being sufficient to pay them their full dues—and the landlords and grocers whom they owed telling them that if they accepted the offer they should demand full pay of them up to date—they fell upon the contractor, who snatched up the bills lying on the table, and gave him a severe drubbing, and in the *melee* some of the money was lost.

Four of the men were arrested and committed for assault and battery.

WALKER'S POINT BRIDGE.—This miserable apology for a bridge came near being smashed up, on Saturday last, by the Dredge and the steam tug *Tift* attempting to pass through at the same time, the latter having in tow the brig *Oleander.* The fenders of the bridge were jammed off, to some extent.

☞ J. S. ORR, the Scotch preacher, is still haranguing the multitude in the open air. He gave quite an impetuous address at the Southwest corner of the Post Office this morning. He raked down on the editor of the Wisconsin, in one of his sermons yesterday, for noticing him, as he did, in his paper. Popery and Despotism seems to be the burden of his song, and he denounces them both with savage ferocity, and evidently considers them twin sisters.

MILWAUKEE, Nov. 19, 1853.

MR. EDITOR:—In your paper of Friday, the 18th inst., I notice an article calling the attention of the Common Council to the fraud carried on in the traffic of wood. This only needs to be regulated by the authorities of the city, and is an oppression realized by that portion of the community the least able to bear it. Those able to purchase their winter fuel, generally purchase by the cord and quantity, and take advantage of the season of the year when there is the least demand for it.

Another commodity calls for the same restriction, which is hay. Persons purchasing hay, unaccustomed to the manner of selling it, often pay at the rate of one dollar per hundred.

Such frauds are not allowed in other traffics, and should not be in these articles. The matter calls for the immediate action of the Common Council. J. H.

☞ The schooner Jacques Cartier, laden with nineteen hundred barrels of flour, owned by Messrs. Gooderham & Worts, of Toronto, went ashore near Colborne, on the North side of Lake Ontario, in a storm, on the 8th inst. The crew were all saved, but the cargo is considered a total loss. It was insured.

VESSEL ASHORE.—Captain Andrews, of the Schooner Seventy-Six, which arrived at this port yesterday from Grand River, reports the schooner J. E. Hunt ashore at that place and broken in two. It was thought she is a total loss.—*Chicago Dem.*, 19th.

☞ There are 113 fire insurance companies in the city of New York, with an aggregate capital of about $40,0000,000.

A Complete Establishment.

The most complete jewelry establishment in this State, A. B. VAN COTT'S, is on the corner of East Water and Michigan Streets. His stock is very large, and comprises the amplest variety of gold, silver and plated ware, gold and silver watches, clocks, all imaginable kinds of jewelry, the most elegant table service, guitars, violins, accordeons, flutes, fifes, *papier mache* work, fancy toys, &c. His assortment of breast-pins, finger and ear-rings, with diamond and stone settings, is very large. In short, he is prepared to furnish, at wholesale and retail, the public with everything legitimately belonging to his line of business.

Such an establishment as his, is an indication of the increasing prosperity of our city and State; for, in times of pecuniary emburrassments, luxuries and ornaments are dispensed with, and the people are content with the supply of their necessary wants.—But when the *retail* trade of a Watch and Jewelry Establishment amounts, as this sometimes does, to $700 a day, money must be plenty, the times good, and the people prospering in their business. Those who wish to know what Mr. Van Cott has to sell, can easily satisfy themselves by a personal inspection of his goods. He has a character for uprightness and integrity in his dealings, which is the best guaranty that he will deal faithfully by his customers.

Steamer Louisiana Sunk.—This steamer, in going out of Sandusky Bay, Ohio, on the morning of the 17th inst., ran upon an anchor, knocking a hole in her bottom so large that she sunk in a few minutes in ten feet of water. She was laden at Sandusky, and had on a cargo worth $16,000 or $18,000, in which were 900 hogs, a quantity of eggs, 5,000 lbs. of wool, 20 bbls oil, 31 kegs butter, 600 bbls flour, &c. Only the flour and freight in the hold were injured. The str. Baltic took her load. Cargo partially insured.

Latest Foreign News.

PHILADELPHIA, Nov. 17.—Latest report states that Bucharest and other cities in Wallachia are in a state of siege; that a portion of the Turks engaged the Russians near Kalafat, and that the Circassians had obtained still further victories over the Russians.

The Rumors of the pacific efforts of Austria continued, and it is now said that Russia encourages them. Every influence is at work, both in London and Paris, to give their efforts success.

The submarine telegraph makes the fight at Gurgovar a pretty serious one, as well as that near Kalafat, the Turks being successful in both.

In the former, two thousand Turks assailed the town; reinforcements were sent; the Turks maintained their ground, and a fierce battle ensued. There was considerable slaughter.

Near Kalafat the conflict began between 4000 on each side. The fight continued fiercely, but the Russians were compelled to retreat with serious loss.

Later from Mexico.

NEW ORLEANS, Nov. 15.—By the arrival at this port to-day of the steamer Texas, Capt. Place, the *Picayune* has received letters from Vera Cruz with dates to the 11th inst. The Texas brought $77,000 in specie consigned as freight. There were serious fears throughout Mexico of a famine, owing to the scarcity and high price of food. Indian depredations and massacres were being carried on to a most alarming extent, and the papers report that twelve white persons had recently been sacrificed at their hands. The papers also report the occurrence of numerous mail robberies within the few days preceding the date of our advices.

The cholera continued its fearful ravages at Jalapa, carrying off numbers of the most influential citizens of the place.

A letter from Fort Brown, Texas, mentions the death of Lt. Col. Webster, U. S. A., at that place, of yellow fever.

Railroad Difficulties.

ERIE, Nov. 17, 8 P. M.—There is a meeting of Railroad men here to-day, to decide upon the course to be pursued with regard to the change of guage.

The military are preparing to turn out on the call of the Mayor.

A wagon load of powder has been taken to the Armory for cartridges. It is thought if there in any resistance on the part of the Railroad Companies, that the track will be torn up the whole length of the county, and the bridges destroyed.

The people are desirous that the track should remain as it is, but if the Railroad Companies force them to act, there is no telling where they will stop!

Our Supreme Court have decided that the Western Road has no law to protect it, and a word from the authorities and the track will be torn up to the Ohio Line.—Monday will probably decide the whole matter.

The Martha Washington Case.

COLUMBUS, Nov. 15, P. M.—There were two papers handed in from the Jury in the *Martha Washington* case. One in these words: We the jurors have agreed in a verdict of not guilty of the charges in the indictment, deduced from the testimony rendered in Court. The other was signed by the foreman and three other jurors, stating that they had yielded to the verdict above, only on the ground that they were to give the prisoners the benefit of a doubt. On the application of J. B. Clark, Messrs. Coffin, Gresbeck, and J. L. Miner, of Cincinnati, were appointed a committee to examine Clark and others under oath, as to his pre-examination of witnesses.

Horrible Murder of a Slave.

PETERSBURG, Nov. 16.—Thomas Motley has been convicted [illegible]borough, South Carolina, of the mu[illegible]naway slave.

It was proved on t[illegible]rial that the inhuman monster first shot and then whipped the slave, after which, he put him in a vice, and tortured him. He then set him loose, started bloodhounds after him, who run him down, mangling him horribly, and then, as a consummation of his fiendish purposes, *he cut up the body of his slave. and fed his flesh to the dogs.*

Louisiana Election.

NEW ORLEANS, Nov. 16.—Further election returns make the Democratic majority in the Legislature on joint ballot 30. The Congressional Delegation will stand, three Democrats to one Whig.

Flogging in the Navy.

PROVIDENCE, Nov. 15.—The United States Circuit Court met in this city to-day. Judge Curtis delivered a charge to the Grand Jury, in which he dwelt particularly upon the law of Congress forbidding flogging in the Navy and in vessels of commerce.—He said that the flogging which is prohibited by this act is only the flogging that had been practised in the Navy—that is, with the cat. The law does not prohibit any other mode of correcting seamen.

Steamboat Burnt.

LOUISVILLE, Nov. 16.—The steamer Volant was burnt to-day on the Yazoo River; one passenger was burnt to death. The boat was heavily laden, and, together with her cargo, will be a total loss.

BOSTON, Nov, 16.—St. John papers of the 5th inst. mention numerous desertions of British soldiers at Frederickton and St. John. At the latter place, on Saturday night, thirteen deserted in a body, taking with them their side arms. Very few are captured.

Vessel on Fire.

GEORGETOWN, S. C., Nov. 13th.—Sch. S. G. Mayo, from Apalachicola for New York, has arrived, loaded with cotton; took fire in her hold and was run ashore near this place.

PHILADELPHIA, Nov. 16.—McBriar's calico works, near Fairmount, were destroyed by fire this morning. The loss is about $12,000, and a hundred operatives are thereby thrown out of employment.

GEORGIA FINANCES.—Gov. Cobb's message, transmitted to the Legislature on the 8th inst., states that the public debt of the State of Georgia is $2.685,472 22. This amount includes $869,500 incurred by the State in winding up the affairs of the Central Bank. The Sinking Fund of the State appropriated to the payment of the Public Debt amounts to $166,000.

Grand Stampede.—Thirteen negroes, including men, women and children, left Marion county, Missouri, on last Monday for parts unknown.

DANE COUNTY AHEAD.—Mr. T. Merriam, of Medina, in this county, raised this year a radish which weighed *eight and a half* lbs.; and a *beet*, 5½ lbs.—*Madison Argus.*

BOOTH'S INK FOR SCHOOLS.

EAST SAGINAW, Mich., Aug. 29, 1853.

W. W. BOOTH

Dear Sir:—I feel myself to be under weighty obligations to you for the dozen bottles of your *Superior Black Ink.* Several bottles are being used in my school, with most gratifying satisfaction. We hear not that common complaint of "poor pens," which we so often hear where an inferior or ordinary article of ink is used. 'Tis not its jetty, black, and shining smooth surface, alone, that gives it a superiority over other articles of the same name, but the readiness with which it always flows from the pen, and the property which effectually prevents metallic pens from corroding, under all ordinary circumstances. I can most cheerfully recommend its introduction into our primary schools as being precisely adapted to the use of children.

Respectfully Yours, &c., J. O. SELDON, *Principal of Buena Vista Academy, East Saginaw, Mich.*

HOLLOWAY'S PILLS! HEALTH FOR THE STATES!!

Extraordinary Cure of loss of Health, Disordered Stomach, Indigestion and Determination of Blood to the Head.

Copy of a Letter from Mr. John Loud, of Erw-wen, near Harlech, Merionethshire.

To Professor HOLLOWAY,

SIR,—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by a loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills, I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant,

June 6th, 1852. (Signed) JOHN LLOYD.

Miraculous Cure of Dropsy.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor HOLLOWAY,

DEAR SIR I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, DROPSY, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks.

(Signed) EDWARD ROWLEY.

Infallible Cure of a Stomach Complaint with Indigestion and Violent Head-Aches.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14th, 1852.

To Professor HOLLOWAY,

DEAR SIR—I am requested by a lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years, herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-Aches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

(Signed) S. GOWEN.

To the Citizens of Milwaukee!

THE CITIZENS of Milwaukee are cautioned against purchasing LIGHTNING RODS from transient pedlars who are now flooding this city—making false representations in order to effect sales and giving G. W. Mygatt as reference, which was done without his knowledge or consent, and also saying that they are employed by me, and other representations to that effect. I employ no person, either in making sales or putting up rods, and those wishing for a GENUINE article, can procure them of me or G. W. MYGATT, Architect, 227 East Water st. Retrospect.

There is a time whene'er the heart
A soothing power comes softly stealing;
There is a time when every feeling,
That can melodious thoughts impart,
Revives, and sheds within the breast
A balm, the harbinger of rest.
Ah! then 'tis sweet to mount the tide
That swells on Life's uneven stream,
Till resting its clear source beside,
We journey through the happy dream
Of childhood's years—while shapes of peace,
Starting before your tearful eyes,
And visions of our youthful joys—
Would tell us that our sorrows cease,
The bliss, tho' for a moment given,
And scarcely felt till snatched away,
Unveils as purely bright a day,
As can portray our hopes of Heaven;
And as the rainbow it appears,
After the storms of grief are past,
Wiping away our woes and tears,
Telling our sorrows may not last.
But, like the rainbow's transient sheen,
The balmy influence fades away,
And misery reigns where it had been,
And feeling dies with hopes last ray.
'Tis sad our brightest days are fled
Ere feeling may possess the heart;
'Tis sad of these our only part
Is mem'ry of the bliss they shed;
And yet 'tis sweet to muse them o'er,
Ere thought, or grief dwelt in the breast:
But all was bright—about—before,
And day was joy, and night was rest,
And as each hour passed swiftly on,
We marveled how so soon 'twas gone.
Then Love descends 'mid the repose,
His dreamy wildness o'er us throws,
And Hope, faint flickering in the breast,
Now starts to life, now dies away,
And grief, and joy alternate sway,
But Passion wakes and is caressed,
Gone, gone, ye days of peace and rest.
Time rolls his car and now the heart
Is bitten with a lasting blight,
It wanders through continual night
Of blasted hopes—and feels the smart
Of woes that it may not impart;
Not these the gates of rising guilt,
But earthquake shocks that rend the mind
That ere the cup of youth is spilled
Do leave a blank they did not find,
And make a ruin in the breast—
Deep-gnawing—not to be repressed.
Some hearts there be so strangely curs'd,
If they break not the spell at first,
Deep buried lie—themselves the tomb—
Shrouded within a pierceless gloom,
And earthly naught, despair that seeks
The waste their each thought on them wreaks.

Ev'n thus the life that clings to those
The broken, 'neath their youthful woes;
'Tis as a lily in the morn,
Whose breast a thousand dews adorn,
Smiling and beauteous—pure and bright,
That gives the eye and heart delight,
Now blackened, torn, and trodden o'er,
As it had ne'er been fair before;—
Nor can it wear again the sheen
Of boyhood's bright and beauteous green—
Ah! better, better, it had never been!

Now, I have no fault to find, nor do I care what any one says, for there is no friend so near and dear to you as yourself, and all you should wish of that friend is to do right.
